In order to complete this section you will need to go to <a href="www.nctower.com">www.nctower.com</a> NC TOWER (North Carolina's Tool for Online Workforce and Education Reporting), a product of the Common Follow-up System. Select "Community Colleges" or "Public Universities" from the right and click "Go" to view information about the workforce and educational outcomes of programs at those institutions. Or, scroll down on this page to see selected statistics about North Carolina's State-funded education programs.

Percent Employed after One Year- this is for the highest credential your program offers.

**Step 1-** Select Community College in this box and click on GO.

**Step 2-** Select the highest credential, Richmond Community College, and type in your program of study (subject area) in the provided boxes. The click the green plus sign next to your program.

**Step 3-**Click on View Outcomes in the upper left hand box on the webpage.

**Step 4**-Change the year to examine each of the components required for each of the requested years. If there is not sufficient data, please type in "outcome data suppressed by NCTower".
